

Environmental Shield

9 Interlocking Lead Rings Surround Chamber

Reduce background radiation more than 10 times with the environmental shield. Fitting any Capintec CRC® dose calibrator with a remote ionization chamber, the shield consists of 9 interlocking lead rings that surround the chamber. Uniform wall thickness (4 cm standard, or 1 1/2") also reduces radiation exposure during calibration. The lead contains 3% antimony for added strength. For use with CRC®-25R, CRC®-25W, CRC®-712M, and CRC® Ultra.

Environmental Shield..... 7300-2450

Positron Shield Stand

Solidly built to support a Capintec dose calibrator encased in the Positron Shield

Features

- 3-Legged stand made of arc-welded steel.
- Standard Range of height with adjustable feet is 22 7/8" to 25 3/8".
- Capintec will custom design to meet your exact specifications.
